

Chrome Extensions

How Do I Install New Chrome Extensions?

You can customize your Chrome features and functionality by adding extensions. There are a number of extensions that PA Virtual 'push down' when you sign into Chrome. (See [How Do I Sign Into Chrome?](#) for details). You can find install additional extensions from the [Chrome Web Store](#).

When you first enter the store you will be on the "**For pavcs.us**" page (see image above). All approved extensions have been added to this "**For pavcs.us**" section. Students and Learning Coaches can install any of the extensions found here.

- Click on any of the 'cards' will provide additional information about the extension.
- From the extension page, you can click the "**Add To Chrome**" button to install the extension.

Students and Learning Coaches can only install extensions in the "**For pavcs.us**" section. Teachers can explore other extensions, and request approval using standard Software Approval procedures.
